

Nurse's Office

Hi, I'm Mrs. Treft and I am the School Nurse at East High School. I also serve Spalding Elementary and Sunnyside Elementary. My schedule varies a lot due to the needs of my students for the week, although I try to be here on most Tuesdays and Fridays. If I am out of my office for the day, Mrs. Jorgensen or Mrs. Osborn are also here to assist your student.

Reminders: If your student has called you on their cell phone to go home ill, please remind them to check out in attendance after you have called the school to let them know you are excusing them to go home. This helps us to keep accurate attendance and also to know where your student is located.

I occasionally post health news in the school newsletter so please be sure to check that out for any new and timely information. If you need to reach me, you may call 274-4007 and leave a message. Please be aware that I may be at one of my other schools and may not be back to return your call for a few days. If it is something that needs addressed immediately, please call the counseling office so they can assist with the issue or get in touch with me if needed.
