Policy Title: Community Use of School Equipment

Code Number: 1004.9

Loaning School Equipment

The Superintendent and/or his/her designee is empowered to loan out District-owned equipment to other governmental or not for profit agencies or when the interests of the District are served.

Use of School Equipment

In the event that equipment is used by other governmental agencies or a not for profit agency, the Superintendent may require appropriate school personnel to operate or supervise the use of such equipment. The organization using the equipment will reimburse the District for such labor costs it incurs in the loan of the equipment, and the organization agrees to reimburse the District for any damages incurred for use of equipment not operated by a District employee.
