

SCHOOL-COMMUNITY RELATIONS

Series 1000

Policy Title: Parents and Other Members of the District Conflict Resolution

Code Number: 1071

I. Process for Conflict Resolution

The patrons/parents of the Sioux City Community School District should attempt to resolve any problem with the school system beginning with the employee closest to the problem (i.e. classroom teachers, bus driver, food service supervisor, etc.). Individuals who are unable to resolve an issue at that level should bring the issue to the supervisor next highest in the administrative chain of command.

II. Appeal Process

It is the responsibility of district employees to explain the appeal process to the individuals involved.

III. Policy Issues

When the issue requires a waiver or change in board policy, the individual shall be referred to the superintendent. The superintendent may refer the issue to the Board Policy Committee for consideration. Issues that are presented at a board meeting may be referred to the Board Policy Committee for its recommendation.
