**ADMINISTRATION**

Series 300

**Policy Title: Professional Development for Administrators**  
**Code Number: 305.4**

The Board believes that professional development for its Superintendent and Administrative Team is important.

The Board further believes that it is the responsibility of those persons in administrative positions to provide the most efficient and up-to-date educational leadership, and that administrative personnel should be given the opportunity to attend national educational conferences, and obtain the best in knowledge, experience, and skills of all involved in educational procedures.

The Superintendent or his/her designee will consider each request for national educational conferences based on the District's ability to fund the request and the relationship the conference has with District goals. The Board president will consider the Superintendent's requests.

The Board and the Superintendent and/or his/her representative should have representation at the Siouxland Chamber of Commerce Washington, DC Conference, and the Iowa and National School Boards Conferences.
