Policy Title: **Fees and Fee Waivers For Traffic Education**

Code Number: **505.12**

The Board of Directors will annually determine the fee structure for Traffic Education students after reviewing information and the joint recommendation from the traffic education head teacher and the superintendent.

Fees that are levied will be waived, as is required by the Department of Education, for students who are eligible for free and reduced lunch in proportion to the amount waived for the lunch program itself.

However, if a student who is otherwise eligible for a fee waiver fails traffic education due to bad behavior, intentional non-attendance or lack of effort, the District will not waive the fee for a second enrollment. Accommodation will be made for students who fail a traffic education course due to circumstances beyond his/her control. Such an exception can be ruled upon by the head teacher for Traffic Education.
