## **STUDENT PERSONNEL**

### ***Series 500***

**Policy Title:        Student Injury and Illness at School**

**Code Number:      504.10**

When a student becomes ill or is injured at school, the student's legal guardian shall be notified by school personnel as soon as possible after these individuals are aware of the incident.

The District is not required to provide medical treatment of an ill or injured student; however, authorized school personnel may administer emergency or minor first aid. Each building shall have an Emergency Response Team (ET). (See AR504.10.)

Parents shall be required to complete a medical emergency authorization form indicating whom to contact in an emergency involving their child. It shall be the responsibility of the parent to provide the District with updated information on the medical authorization form.

First Adoption:        April 25, 1989  
Revision Adoption:    November 13, 1995/March 28, 2000
