Schedule of Benefits

Accessing Benefits
You can choose to receive Network Benefits or Non-Network Benefits.

**Network Benefits** apply to Covered Health Services that are provided by a Network Physician or other Network provider. You are not required to select a Primary Physician in order to obtain Network Benefits. In general health care terminology, a Primary Physician may also be referred to as a Primary Care Physician or PCP.

Emergency Health Services are always paid as Network Benefits.

For facility charges, these are Benefits for Covered Health Services that are billed by a Network facility and provided under the direction of either a Network or non-Network Physician or other provider. Benefits for non-Emergency Covered Health Services include Physician services provided in a Network facility by a Network or a non-Network Emergency room Physician, radiologist, anesthesiologist or pathologist.

**Non-Network Benefits** apply to Covered Health Services that are provided by a non-Network Physician or other non-Network provider, or Covered Health Services that are provided at a non-Network facility. In general health care terminology, Non-Network Benefits may also be referred to as Out-of-Network Benefits.

Depending on the geographic area and the service you receive, you may have access through our Shared Savings Program to non-Network providers who have agreed to discount their charges for Covered Health Services. If you receive Covered Health Services from these providers, the Coinsurance will remain the same as it is when you receive Covered Health Services from non-Network providers who have not agreed to discount their charges; however, the total that you owe may be less when you receive Covered Health Services from Shared Savings Program providers than from other non-Network providers because the Eligible Expense may be a lesser amount.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare Policy. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this Schedule of Benefits.

If there is a conflict between this Schedule of Benefits and any summaries provided to you by the Enrolling Group, this Schedule of Benefits will control.

Prior Authorization
We require prior authorization for certain Covered Health Services. In general, Network providers are responsible for obtaining prior authorization before they provide these services to you. There are some Network Benefits, however, for which you are responsible for obtaining prior authorization. Services for which you are required to obtain prior authorization are identified below and in the Schedule of Benefits table within each Covered Health Service category.
We recommend that you confirm with us that all Covered Health Services listed below have been prior authorized as required. Before receiving these services from a Network provider, you may want to contact us to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they fail to prior authorize as required. You can contact us by calling the telephone number for Customer Care on your ID card.

When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for obtaining prior authorization before you receive these services. Note that your obligation to obtain prior authorization is also applicable when a non-Network provider intends to admit you to a Network facility or refers you to other Network providers. Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization.

To obtain prior authorization, call the telephone number for Customer Care on your ID card. This call starts the utilization review process.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs.

**Covered Health Services which Require Prior Authorization**

Please note that prior authorization timelines apply. Refer to the applicable Benefit description in the *Schedule of Benefits* table to determine how far in advance you must obtain prior authorization.

convulsive treatment; psychological testing; transcranial magnetic stimulation; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management.

- Neurobiological disorders - Autism Spectrum Disorder services - inpatient services (including services at a Residential Treatment facility); Partial Hospitalization/Day Treatment; Intensive Outpatient Treatment programs; psychological testing; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management; Intensive Behavioral Therapy, including Applied Behavioral Analysis (ABA).

- Therapeutics - only for the following services: dialysis, intensity modulated radiation therapy and MR-guided focused ultrasound.

- Transplants.

For all other services, when you choose to receive services from non-Network providers, we urge you to confirm with us that the services you plan to receive are Covered Health Services. That's because in some instances, certain procedures may not be Medically Necessary or may not otherwise meet the definition of a Covered Health Service, and therefore are excluded. In other instances, the same procedure may meet the definition of Covered Health Services. By calling before you receive treatment, you can check to see if the service is subject to limitations or exclusions.

If you request a coverage determination at the time prior authorization is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those actually received, our final coverage determination will be modified to account for those differences, and we will only pay Benefits based on the services actually delivered to you.

If you choose to receive a service that has been determined not to be a Medically Necessary Covered Health Service, you will be responsible for paying all charges and no Benefits will be paid.

**Care Management**

When you seek prior authorization as required, we will work with you to implement the care management process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.
Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before we pay Benefits under the Policy), the prior authorization requirements do not apply to you. Since Medicare is the primary payer, we will pay as secondary payer as described in Section 7: Coordination of Benefits. You are not required to obtain authorization before receiving Covered Health Services.

Services that require prior authorization: dialysis, intensity modulated radiation therapy and MR-guided focused ultrasound. If you fail to obtain prior authorization as required, Benefits will be reduced to 50% of Eligible Expenses.

**Network**

Depending upon where the Covered Health Service is provided, Benefits will be the same as those stated under each Covered Health Service category in this Schedule of Benefits.

**Non-Network**

Depending upon where the Covered Health Service is provided, Benefits will be the same as those stated under each Covered Health Service category in this Schedule of Benefits.

### Eligible Expenses

Eligible Expenses are the amount we determine that we will pay for Benefits. For Network Benefits, you are not responsible for any difference between Eligible Expenses and the amount the provider bills. For Non-Network Benefits, you are responsible for paying, directly to the non-Network provider, any difference between the amount the provider bills you and the amount we will pay for Eligible Expenses. Eligible Expenses are determined solely in accordance with our reimbursement policy guidelines, as described in the Certificate.

**For Network Benefits,** Eligible Expenses are based on the following:

- When Covered Health Services are received from a Network provider, Eligible Expenses are our contracted fee(s) with that provider.

- When Covered Health Services are received from a non-Network provider as a result of an Emergency or as arranged by us, Eligible Expenses are an amount negotiated by us or an amount permitted by law. Please contact us if you are billed for amounts in excess of your applicable Coinsurance, Copayment or any deductible. We will not pay excessive charges or amounts you are not legally obligated to pay.

**For Non-Network Benefits,** Eligible Expenses are based on either of the following:

- When Covered Health Services are received from a non-Network provider, Eligible Expenses are determined, based on:
  - Negotiated rates agreed to by the non-Network provider and either us or one of our vendors, affiliates or subcontractors.
  - If rates have not been negotiated, then one of the following amounts:
    - Eligible Expenses are determined based on 110% of the published rates allowed by the Centers for Medicare and Medicaid Services (CMS) for Medicare for the same or similar service within the geographic market, with the exception of the following:
› 50% of CMS for the same or similar laboratory service.
› 45% of CMS for the same or similar durable medical equipment, or CMS competitive bid rates.
› When a rate is not published by CMS for the service, we use an available gap methodology to determine a rate for the service as follows:

› For services other than Pharmaceutical Products, we use a gap methodology established by OptumInsight and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale(s) currently in use become no longer available, we will use a comparable scale(s). We and OptumInsight are related companies through common ownership by UnitedHealth Group. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.

› For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by CMS, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by RJ Health Systems, Thomson Reuters (published in its Red Book), or UnitedHealthcare based on an internally developed pharmaceutical pricing resource.

› When a rate is not published by CMS for the service and a gap methodology does not apply to the service, the Eligible Expense is based on 50% of the provider's billed charge.

› For Mental Health Services and Substance Use Disorder Services the Eligible Expense will be reduced by 25% for Covered Health Services provided by a psychologist and by 35% for Covered Health Services provided by a masters level counselor.

We update the CMS published rate data on a regular basis when updated data from CMS becomes available. These updates are typically implemented within 30 to 90 days after CMS updates its data.

IMPORTANT NOTICE: Non-Network providers may bill you for any difference between the provider's billed charges and the Eligible Expense described here.

› When Covered Health Services are received from a Network provider, Eligible Expenses are our contracted fee(s) with that provider.

Provider Network
We arrange for health care providers to participate in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to select your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider’s status may change. You can verify the provider’s status by calling Customer Care. A directory of providers is available online at www.myuhc.com or by calling Customer Care at the telephone number on your ID card to request a copy.
It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits.

If you are currently undergoing a course of treatment utilizing a non-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help determining whether you are eligible for transition of care Benefits, please contact Customer Care at the telephone number on your ID card.

Do not assume that a Network provider’s agreement includes all Covered Health Services. Some Network providers contract with us to provide only certain Covered Health Services, but not all Covered Health Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for assistance.

**Designated Facilities and Other Providers**

If you have a medical condition that we believe needs special services, we may direct you to a Designated Facility and/or a Designated Physician chosen by us. If you require certain complex Covered Health Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Services from a Designated Facility or Designated Physician, we may reimburse certain travel expenses.

In both cases, Network Benefits will only be paid if your Covered Health Services for that condition are provided by or arranged by the Designated Facility, Designated Physician or other provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Facility or Designated Physician. If you do not notify us in advance, and if you receive services from a non-Network facility (regardless of whether it is a Designated Facility) or other non-Network provider, Network Benefits will not be paid. Non-Network Benefits may be available if the special needs services you receive are Covered Health Services for which Benefits are provided under the Policy.

**Health Services from Non-Network Providers Paid as Network Benefits**

If specific Covered Health Services are not available from a Network provider, you may be eligible for Network Benefits when Covered Health Services are received from non-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through a non-Network provider.

**Limitations on Selection of Providers**

If we determine that you are using health care services in a harmful or abusive manner, or with harmful frequency, your selection of Network providers may be limited. If this happens, we may require you to select a single Network Physician to provide and coordinate all future Covered Health Services.

If you don't make a selection within 31 days of the date we notify you, we will select a single Network Physician for you.

If you fail to use the selected Network Physician, Covered Health Services will be paid as Non-Network Benefits.

Certificate of Coverage is Part of Policy

This Certificate of Coverage (Certificate) is part of the Policy that is a legal document between UnitedHealthcare Insurance Company and the Enrolling Group to provide Benefits to Covered Persons, subject to the terms, conditions, exclusions and limitations of the Policy. We issue the Policy based on the Enrolling Group’s application and payment of the required Policy Charges.

In addition to this Certificate the Policy includes:

- The Group Policy.
- The Schedule of Benefits.
- The Enrolling Group’s application.
- Riders, including the Outpatient Prescription Drug Rider and the Gender Dysphoria Rider.
- Amendments.

You can review the Policy at the office of the Enrolling Group during regular business hours.

Changes to the Document

We may from time to time modify this Certificate by attaching legal documents called Riders and/or Amendments that may change certain provisions of this Certificate. When that happens we will send you a new Certificate, Rider or Amendment pages.

No one can make any changes to the Policy unless those changes are in writing.

Other Information You Should Have

We have the right to change, interpret, modify, withdraw or add Benefits, or to terminate the Policy, as permitted by law, without your approval.

On its effective date, this Certificate replaces and overrules any Certificate that we may have previously issued to you. This Certificate will in turn be overruled by any Certificate we issue to you in the future.

The Policy will take effect on the date specified in the Policy. Coverage under the Policy will begin at 12:01 a.m. and end at 12:00 midnight in the time zone of the Enrolling Group’s location. The Policy will remain in effect as long as the Policy Charges are paid when they are due, subject to termination of the Policy.

We are delivering the Policy in the State of Iowa. The Policy is governed by ERISA unless the Enrolling Group is not an employee welfare benefit plan as defined by ERISA. To the extent that state law applies, the laws of the State of Iowa are the laws that govern the Policy.
Introduction to Your Certificate

We are pleased to provide you with this Certificate. This Certificate and the other Policy documents describe your Benefits, as well as your rights and responsibilities, under the Policy.

How to Use this Document

We encourage you to read your Certificate and any attached Riders and/or Amendments carefully.

We especially encourage you to review the Benefit limitations of this Certificate by reading the attached Schedule of Benefits along with Section 1: Covered Health Services and Section 2: Exclusions and Limitations. You should also carefully read Section 8: General Legal Provisions to better understand how this Certificate and your Benefits work. You should call us if you have questions about the limits of the coverage available to you.

Many of the sections of this Certificate are related to other sections of the document. You may not have all of the information you need by reading just one section. We also encourage you to keep your Certificate and Schedule of Benefits and any attachments in a safe place for your future reference.

If there is a conflict between this Certificate and any summaries provided to you by the Enrolling Group, this Certificate will control.

Please be aware that your Physician is not responsible for knowing or communicating your Benefits.

Information about Defined Terms

Because this Certificate is part of a legal document, we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in Section 9: Defined Terms. You can refer to Section 9: Defined Terms as you read this document to have a clearer understanding of your Certificate.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare Insurance Company. When we use the words "you" and "your," we are referring to people who are Covered Persons, as that term is defined in Section 9: Defined Terms.

Don't Hesitate to Contact Us

Throughout the document you will find statements that encourage you to contact us for further information. Whenever you have a question or concern regarding your Benefits, please call us using the telephone number for Customer Care listed on your ID card. It will be our pleasure to assist you.
Your Responsibilities

Be Enrolled and Pay Required Contributions

Benefits are available to you only if you are enrolled for coverage under the Policy. Your enrollment options, and the corresponding dates that coverage begins, are listed in Section 3: When Coverage Begins. To be enrolled with us and receive Benefits, both of the following apply:

- Your enrollment must be in accordance with the Policy issued to your Enrolling Group, including the eligibility requirements.
- You must qualify as a Subscriber or his or her Dependent as those terms are defined in Section 9: Defined Terms.

Your Enrolling Group may require you to make certain payments to them, in order for you to remain enrolled under the Policy and receive Benefits. If you have questions about this, contact your Enrolling Group.

Be Aware this Benefit Plan Does Not Pay for All Health Services

Your right to Benefits is limited to Covered Health Services. The extent of this Benefit plan's payments for Covered Health Services and any obligation that you may have to pay for a portion of the cost of those Covered Health Services is set forth in the Schedule of Benefits.

Decide What Services You Should Receive

Care decisions are between you and your Physicians. We do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver care to you. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Obtain Prior Authorization

Some Covered Health Services require prior authorization. In general, Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. However, if you choose to receive Covered Health Services from a non-Network provider, you are responsible for obtaining prior authorization before you receive the services. For detailed information on the Covered Health Services that require prior authorization, please refer to the Schedule of Benefits.

Pay Your Share

You must meet any applicable deductible and pay a Copayment and/or Coinsurance for most Covered Health Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Any applicable deductible, Copayment and Coinsurance amounts are listed in the Schedule of Benefits. You must also pay any amount that exceeds Eligible Expenses.
Pay the Cost of Excluded Services
You must pay the cost of all excluded services and items. Review Section 2: Exclusions and Limitations to become familiar with this Benefit plan's exclusions.

Show Your ID Card
You should show your identification (ID) card every time you request health services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered, and any resulting delay may mean that you will be unable to collect any Benefits otherwise owed to you.

File Claims with Complete and Accurate Information
When you receive Covered Health Services from a non-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described in Section 5: How to File a Claim.

Use Your Prior Health Care Coverage
If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, we will not pay Benefits for health services for that condition or disability until the prior coverage ends. We will pay Benefits as of the day your coverage begins under this Benefit plan for all other Covered Health Services that are not related to the condition or disability for which you have other coverage.
Our Responsibilities

Determine Benefits

We make administrative decisions regarding whether this Benefit plan will pay for any portion of the cost of a health care service you intend to receive or have received. Our decisions are for payment purposes only. We do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

We have the final authority to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this Certificate, the Schedule of Benefits and any Riders and/or Amendments.
- Make factual determinations relating to Benefits.

We may delegate this authority to other persons or entities that may provide administrative services for this Benefit plan, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time as we determine. In order to receive Benefits, you must cooperate with those service providers.

Pay for Our Portion of the Cost of Covered Health Services

We pay Benefits for Covered Health Services as described in Section 1: Covered Health Services and in the Schedule of Benefits, unless the service is excluded in Section 2: Exclusions and Limitations. This means we only pay our portion of the cost of Covered Health Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by this Benefit plan.

Pay Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Services from Network providers, you do not have to submit a claim to us.

Pay for Covered Health Services Provided by Non-Network Providers

In accordance with any state prompt pay requirements, we will pay Benefits after we receive your request for payment that includes all required information. See Section 5: How to File a Claim.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We develop our reimbursement policy guidelines, as we determine, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the Centers for Medicare and Medicaid Services (CMS).
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.
Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other providers in our Network through our provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, non-Network providers are not subject to this prohibition, and may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. You may obtain copies of our reimbursement policies for yourself or to share with your non-Network Physician or provider by going to www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

**Offer Health Education Services to You**

From time to time, we may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to participate in the programs, but we recommend that you discuss them with your Physician.

Benefits for Covered Health Services

Benefits are available only if all of the following are true:

- The health care service, supply or Pharmaceutical Product is only a Covered Health Service if it is Medically Necessary. (See definitions of Medically Necessary and Covered Health Service in Section 9: Defined Terms.) The fact that a Physician or other provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a Sickness, Injury, Mental Illness, substance-related and addictive disorders, disease or its symptoms does not mean that the procedure or treatment is a Covered Health Service under the Policy.

- Covered Health Services are received while the Policy is in effect.

- Covered Health Services are received prior to the date that any of the individual termination conditions listed in Section 4: When Coverage Ends occurs.

- The person who receives Covered Health Services is a Covered Person and meets all eligibility requirements specified in the Policy.

This section describes Covered Health Services for which Benefits are available. Please refer to the attached Schedule of Benefits for details about:

- The amount you must pay for these Covered Health Services (including any Annual Deductible, Copayment and/or Coinsurance).

- Any limit that applies to these Covered Health Services (including visit, day and dollar limits on services).

- Any limit that applies to the amount of Eligible Expenses you are required to pay in a year (Out-of-Pocket Maximum).

- Any responsibility you have for obtaining prior authorization or notifying us.

*Please note that in listing services or examples, when we say "this includes," it is not our intent to limit the description to that specific list. When we do intend to limit a list of services or examples, we state specifically that the list "is limited to."*

1. Ambulance Services

Emergency ambulance transportation by a licensed ambulance service (either ground or air ambulance) to the nearest Hospital where the required Emergency Health Services can be performed.

Non-Emergency ambulance transportation by a licensed ambulance service (either ground or air ambulance, as we determine appropriate) between facilities when the transport is any of the following:

- From a non-Network Hospital to the closest Network Hospital.

- To the closest Network Hospital or facility that provides Covered Health Services that were not available at the original Hospital or facility.

- From a short-term acute care facility to the closest Network long-term acute care facility (LTAC), Network Inpatient Rehabilitation Facility, or other Network sub-acute facility.

For the purpose of this Benefit the following terms have the following meanings:
"Long-term acute care facility (LTAC)" means a facility or Hospital that provides care to people with complex medical needs requiring long-term Hospital stay in an acute or critical setting.

"Short-term acute care facility" means a facility or Hospital that provides care to people with medical needs requiring short-term Hospital stay in an acute or critical setting such as for recovery following a surgery, care following sudden Sickness, Injury, or flare-up of a chronic Sickness.

"Sub-acute facility" means a facility that provides intermediate care on short-term or long-term basis.

2. Clinical Trials

Routine patient care costs incurred during participation in a qualifying clinical trial for the treatment of:

- Cancer or other life-threatening disease or condition. For purposes of this benefit, a life-threatening disease or condition is one from which the likelihood of death is probable unless the course of the disease or condition is interrupted.

- Cardiovascular disease (cardiac/stroke) which is not life threatening, for which, as we determine, a clinical trial meets the qualifying clinical trial criteria stated below.

- Surgical musculoskeletal disorders of the spine, hip and knees, which are not life threatening, for which, as we determine, a clinical trial meets the qualifying clinical trial criteria stated below.

- Other diseases or disorders which are not life threatening for which, as we determine, a clinical trial meets the qualifying clinical trial criteria stated below.

Benefits include the reasonable and necessary items and services used to prevent, diagnose and treat complications arising from participation in a qualifying clinical trial.

Benefits are available only when the Covered Person is clinically eligible for participation in the qualifying clinical trial as defined by the researcher.

Routine patient care costs for qualifying clinical trials include:

- Covered Health Services for which Benefits are typically provided absent a clinical trial.

- Covered Health Services required solely for the provision of the Experimental or Investigational Service(s) or item, the clinically appropriate monitoring of the effects of the service or item, or the prevention of complications.

- Covered Health Services needed for reasonable and necessary care arising from the provision of an Experimental or Investigational Service(s) or item.

- Covered Health Services for routine patient care include costs related to the care method that is under evaluation in a clinical trial.

Routine costs for clinical trials do not include:

- The Experimental or Investigational Service(s) or item. The only exceptions to this are:
  - Certain Category B devices.
  - Certain promising interventions for patients with terminal illnesses.
  - Other items and services that meet specified criteria in accordance with our medical and drug policies.
• Items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient.

• A service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

• Items and services provided by the research sponsors free of charge for any person enrolled in the trial.

With respect to cancer or other life-threatening diseases or conditions, a qualifying clinical trial is a Phase I, Phase II, Phase III, or Phase IV clinical trial that is conducted in relation to the prevention, detection or treatment of cancer or other life-threatening disease or condition and which meets any of the following criteria in the bulleted list below.

• With respect to cardiovascular disease or musculoskeletal disorders of the spine and hip and knees which are not life-threatening, a qualifying clinical trial is a Phase I, Phase II, or Phase III clinical trial that is conducted in relation to the detection or treatment of such non-life-threatening disease or disorder and which meets any of the following criteria in the bulleted list below.

  - National Institutes of Health (NIH). (Includes National Cancer Institute (NCI).)
  - Centers for Disease Control and Prevention (CDC).
  - Agency for Healthcare Research and Quality (AHRQ).
  - Centers for Medicare and Medicaid Services (CMS).
  - A cooperative group or center of any of the entities described above or the Department of Defense (DOD) or the Department of Veterans Administration (VA).
  - A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants.
  - The Department of Veterans Affairs, the Department of Defense or the Department of Energy as long as the study or investigation has been reviewed and approved through a system of peer review that is determined by the Secretary of Health and Human Services to meet both of the following criteria:
    ♦ Comparable to the system of peer review of studies and investigations used by the National Institutes of Health.
    ♦ Ensures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.

• The study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration.

• The study or investigation is a drug trial that is exempt from having such an investigational new drug application.

• The clinical trial must have a written protocol that describes a scientifically sound study and have been approved by all relevant institutional review boards (IRBs) before participants are enrolled in the trial. We may, at any time, request documentation about the trial.

• The subject or purpose of the trial must be the evaluation of an item or service that meets the definition of a Covered Health Service and is not otherwise excluded under the Policy.
3. Congenital Heart Disease Surgeries

Congenital heart disease (CHD) surgeries which are ordered by a Physician. CHD surgical procedures include surgeries to treat conditions such as coarctation of the aorta, aortic stenosis, tetralogy of fallot, transposition of the great vessels and hypoplastic left or right heart syndrome.

Section 3: When Coverage Begins

How to Enroll

Eligible Persons must complete an enrollment form. The Enrolling Group will give the necessary forms to you. The Enrolling Group will then submit the completed forms to us, along with any required Premium. We will not provide Benefits for health services that you receive before your effective date of coverage.

If You Are Hospitalized When Your Coverage Begins

If you are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, we will pay Benefits for Covered Health Services that you receive on or after your first day of coverage related to that Inpatient Stay as long as you receive Covered Health Services in accordance with the terms of the Policy. These Benefits are subject to any prior carrier’s obligations under state law or contract.

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as is reasonably possible. For Benefit plans that have a Network Benefit level, Network Benefits are available only if you receive Covered Health Services from Network providers.

If You Are Eligible for Medicare

Your Benefits under the Policy may be reduced if you are eligible for Medicare but do not enroll in and maintain coverage under both Medicare Part A and Part B.

Your Benefits under the Policy may also be reduced if you are enrolled in a Medicare Advantage (Medicare Part C) plan but fail to follow the rules of that plan. Please see Medicare Eligibility in Section 8: General Legal Provisions for more information about how Medicare may affect your Benefits.

Who is Eligible for Coverage

The Enrolling Group determines who is eligible to enroll under the Policy and who qualifies as a Dependent.

Eligible Person

Eligible Person usually refers to an employee or member of the Enrolling Group who meets the eligibility rules. When an Eligible Person actually enrolls, we refer to that person as a Subscriber. For a complete definition of Eligible Person, Enrolling Group and Subscriber, see Section 9: Defined Terms.

Eligible Persons must reside within the United States.

If both spouses are Eligible Persons of the Enrolling Group, each may enroll as a Subscriber or be covered as an Enrolled Dependent of the other, but not both.

Dependent

Dependent generally refers to the Subscriber's spouse and children. When a Dependent actually enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see Section 9: Defined Terms.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Policy.
If both parents of a Dependent child are enrolled as a Subscriber, only one parent may enroll the child as a Dependent.

**When to Enroll and When Coverage Begins**

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

**Initial Enrollment Period**

When the Enrolling Group purchases coverage under the Policy from us, the Initial Enrollment Period is the first period of time when Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified in the Policy if we receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible to enroll.

**Open Enrollment Period**

The Enrolling Group determines the Open Enrollment Period. During the Open Enrollment Period, Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified by the Enrolling Group if we receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible to enroll.

**New Eligible Persons**

Coverage for a new Eligible Person and his or her Dependents begins on the date agreed to by the Enrolling Group if we receive the completed enrollment form and any required Premium within 31 days of the date the new Eligible Person first becomes eligible.

**Adding New Dependents**

Subscribers may enroll Dependents who join their family because of any of the following events:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Legal guardianship.
- Court or administrative order.

Coverage for the Dependent begins on the date of the event if we receive the completed enrollment form and any required Premium within 31 days of the event that makes the new Dependent eligible.

Coverage for newly born children begins from the moment of birth and includes the care and treatment of Congenital Anomalies and birth abnormalities. We must receive notification and any required Premium within 60 days of the event to have coverage continue.

**Special Enrollment Period**

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan was terminated for cause, or because premiums were not paid on a timely basis.
An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.

A special enrollment period also applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if the following are true:

- The Eligible Person previously declined coverage under the Policy, but the Eligible Person and/or Dependent becomes eligible for a premium assistance subsidy under Medicaid or Children's Health Insurance Program (CHIP). Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date of determination of subsidy eligibility.
- The Eligible Person and/or Dependent had existing health coverage under another plan at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period; and
- Coverage under the prior plan ended because of any of the following:
  - Loss of eligibility (including legal separation, divorce or death).
  - The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
  - In the case of COBRA continuation coverage, the coverage ended.
  - The Eligible Person and/or Dependent no longer lives or works in an HMO service area if no other benefit option is available.
  - The plan no longer offers benefits to a class of individuals that include the Eligible Person and/or Dependent.
  - An Eligible Person and/or Dependent incurs a claim that would exceed a lifetime limit on all benefits.
  - The Eligible Person and/or Dependent loses eligibility under Medicaid or Children's Health Insurance Program (CHIP). Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date coverage ended.

When an event takes place (for example, a birth, marriage or determination of eligibility for state subsidy), coverage begins on the date of the event if we receive the completed enrollment form and any required Premium within 31 days of the event unless otherwise noted above.

For an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period because they had existing health coverage under another plan, coverage begins on the day immediately following the day coverage under the prior plan ends. Except as otherwise noted above, coverage will begin only if we receive the completed enrollment form and any required Premium within 31 days of the date coverage under the prior plan ended.
Section 4: When Coverage Ends

General Information about When Coverage Ends

We may discontinue this Benefit plan and/or all similar benefit plans at any time for the reasons explained in the Policy, as permitted by law.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date. Please note that this does not affect coverage that is extended under Extended Coverage for Total Disability below.

When your coverage ends, we will still pay claims for Covered Health Services that you received before the date on which your coverage ended. However, once your coverage ends, we will not pay claims for any health services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended). Please note that this does not affect coverage that is extended under Extended Coverage for Total Disability below.

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Subscriber's coverage ends.

Please note that for Covered Persons who are subject to the Extended Coverage for Total Disability provision later in this section, entitlement to Benefits ends as described in that section.

Events Ending Your Coverage

Coverage ends on the earliest of the dates specified below:

- **The Entire Policy Ends**
  Your coverage ends on the date the Policy ends. In the event the entire Policy ends, the Enrolling Group is responsible for notifying you that your coverage has ended.

- **You Are No Longer Eligible**
  Your coverage ends on the last day of the calendar month in which you are no longer eligible to be a Subscriber or Enrolled Dependent. Please refer to Section 9: Defined Terms for complete definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent."

- **We Receive Notice to End Coverage**
  Your coverage ends on the last day of the calendar month in which we receive written notice from the Enrolling Group instructing us to end your coverage, or the date requested in the notice, if later. The Enrolling Group is responsible for providing written notice to us to end your coverage.

- **Subscriber Retires or Is Pensioned**
  Your coverage ends the last day of the calendar month in which the Subscriber is retired or receiving benefits under the Enrolling Group's pension or retirement plan. The Enrolling Group is responsible for providing written notice to us to end your coverage.

  This provision applies unless a specific coverage classification is designated for retired or pensioned persons in the Enrolling Group's application, and only if the Subscriber continues to meet any applicable eligibility requirements. The Enrolling Group can provide you with specific information about what coverage is available for retirees.
Other Events Ending Your Coverage

When the following happens, we will provide advance written notice to the Subscriber that coverage will end on the date we identify in the notice:

- **Fraud or Intentional Misrepresentation of a Material Fact**
  You committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent.

  If we find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy.

Extended Coverage for Full-time Students

Coverage for an Enrolled Dependent child who is a Full-time Student at a post-secondary school and who needs a medically necessary leave of absence will be extended until the earlier of the following:

- One year after the medically necessary leave of absence begins.
- The date coverage would otherwise terminate under the Policy.

Coverage will be extended only when the Enrolled Dependent is covered under the Policy because of Full-time Student status at a post-secondary school immediately before the medically necessary leave of absence begins and when the Enrolled Dependent's change in Full-time Student status meets all of the following requirements:

- The Enrolled Dependent is suffering from a serious Sickness or Injury.
- The leave of absence from the post-secondary school is medically necessary, as determined by the Enrolled Dependent's treating Physician.
- The medically necessary leave of absence causes the Enrolled Dependent to lose Full-time Student status for purposes of coverage under the Policy.

A written certification by the treating Physician is required. The certification must state that the Enrolled Dependent child is suffering from a serious Sickness or Injury and that the leave of absence is medically necessary.

For purposes of this extended coverage provision, the term "leave of absence" includes any change in enrollment at the post-secondary school that causes the loss of Full-time Student status.

Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond the limiting age if both of the following are true regarding the Enrolled Dependent child:

- Is not able to be self-supporting because of mental or physical handicap or disability.
- Depends mainly on the Subscriber for support.

Coverage will continue as long as the Enrolled Dependent is medically certified as disabled and dependent unless coverage is otherwise terminated in accordance with the terms of the Policy.
We will ask you to furnish us with proof of the medical certification of disability within 31 days of the date coverage would otherwise have ended because the child reached a certain age. Before we agree to this extension of coverage for the child, we may require that a Physician chosen by us examine the child. We will pay for that examination.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical examinations at our expense. However, we will not ask for this information more than once a year.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

**Extended Coverage for Total Disability**

Coverage for a Covered Person who is Totally Disabled on the date the entire Policy is terminated will not end automatically. We will temporarily extend the coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of either of the following:

- The Total Disability ends.
- Twelve months from the date coverage would have ended when the entire Policy was terminated.

**Continuation of Coverage**

If your coverage ends under the Policy, you may be entitled to elect continuation coverage (coverage that continues on in some form) in accordance with federal or state law.

Continuation coverage under COBRA (the federal Consolidated Omnibus Budget Reconciliation Act) is available only to Enrolling Groups that are subject to the terms of COBRA. You can contact your plan administrator to determine if your Enrolling Group is subject to the provisions of COBRA.

If you selected continuation coverage under a prior plan which was then replaced by coverage under the Policy, continuation coverage will end as scheduled under the prior plan or in accordance with federal or state law, whichever is earlier.

We are not the Enrolling Group's designated "plan administrator" as that term is used in federal law, and we do not assume any responsibilities of a "plan administrator" according to federal law.

We are not obligated to provide continuation coverage to you if the Enrolling Group or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Enrolling Group or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.
- Notifying us in a timely manner of your election of continuation coverage.

**Qualifying Events for Continuation Coverage under State Law**

You may request continuation coverage if you or a Dependent lose coverage due to the Subscriber’s termination of employment or membership. Continuation coverage is only available if you have been continuously covered under this Policy or another policy that we have replaced for at least three months.

**Notification Requirements and Election Period for Continuation Coverage under State Law**

The Enrolling Group will provide you with written notification of the right to continuation coverage within 10 days of when coverage ends under the Policy. You must elect continuation coverage within 10 days of
receiving this notification or the date coverage ends due to the termination of your employment or membership, whichever is later, as well as pay any required Premium within 31 days of the date the Policy would otherwise end. You should obtain an election form from the Enrolling Group or the employer and, once election is made, forward all monthly Premiums to the Enrolling Group for payment to us.

**Terminating Events for Continuation Coverage under State Law**

Continuation coverage under the Policy will end on the earliest of the following dates:

- Nine months from the date your continuation began.
- The date coverage ends for failure to make timely payment of the Premium.
- The date coverage ends because you violate a material condition of the Policy.
- The date coverage is or could be obtained under any other group health plan.
- The date coverage ends because you have become eligible for Medicare.
- The date coverage ends because a former spouse remarries, if the Covered Person is a former spouse.
- The date the Enrolling Group terminates participation under the Policy.
- The date the Policy ends.
Section 5: How to File a Claim

If You Receive Covered Health Services from a Network Provider
We pay Network providers directly for your Covered Health Services. If a Network provider bills you for any Covered Health Service, contact us. However, you are responsible for meeting any applicable deductible and for paying any required Copayments and Coinsurance to a Network provider at the time of service, or when you receive a bill from the provider.

If You Receive Covered Health Services from a Non-Network Provider
When you receive Covered Health Services from a non-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described below.

You should submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to us within one year of the date of service, Benefits for that health service will be denied or reduced, as determined by us. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Required Information
When you request payment of Benefits from us, you must provide us with all of the following information:

- The Subscriber's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.
- A diagnosis from the Physician.
- An itemized bill from your provider that includes the *Current Procedural Terminology* (CPT) codes or a description of each charge.
- The date the Injury or Sickness began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with us at the address on your ID card.

Payment of Benefits
You may not assign your Benefits under the Policy or any cause of action related to your Benefits under the Policy to a non-Network provider without our consent. When an assignment is not obtained, we will send the reimbursement directly to you (the Subscriber) for you to reimburse them upon receipt of their bill. We may, however, as we determine, pay a non-Network provider directly for services rendered to you. In the case of any such assignment of Benefits or payment to a non-Network provider, we reserve the right to offset Benefits to be paid to the provider by any amounts that the provider owes us.
When you assign your Benefits under the Policy to a non-Network provider with our consent, and the non-Network provider submits a claim for payment, you and the non-Network provider represent and warrant the following:

- The Covered Health Services were actually provided.
- The Covered Health Services were medically appropriate.

Payment of Benefits under the Policy shall be in cash or cash equivalents, or in a form of other consideration that we determine to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of the amount the provider owes us, or to other plans for which we make payments where we have taken an assignment of the other plans’ recovery rights for value.
Section 6: Questions, Complaints and Appeals

For purposes of this section, the terms below will have the following meanings:

- "Adverse determination" means a determination by us that an admission, availability of care, continued stay, or other health care service, other than a dental care service, that is a Covered Health Service has been reviewed and, based upon the information provided, does not meet our requirements for Medically Necessary, appropriateness, health care setting, level of care, effectiveness, and the requested service or payment for the service is therefore denied, reduced, or terminated.

- For the purposes of a denial of a dental care service, "adverse determination" means a determination by us that a dental care service that is a Covered Health Service has been reviewed and, based upon the information provided, does not meet our requirements for Medically Necessary, and the requested service or payment for the service is therefore denied, reduced, or terminated in whole or part.

- "Adverse determination" does not include a denial of coverage for a service or treatment specifically listed in the Certificate of Coverage as an Exclusion.

- "Final adverse determination" means an adverse determination involving a Covered Health Service that has been upheld by us at the completion of our internal grievance process.

- "Independent Review Organization (IRO)" means an entity that conducts independent external reviews of adverse determinations and final adverse determinations.

To resolve a question, complaint, or appeal, just follow these steps:

**What to Do if You Have a Question**

Contact Customer Care at the telephone number shown on your ID card. Customer Care representatives are available to take your call during regular business hours, Monday through Friday.

**What to Do if You Have a Complaint**

Contact Customer Care at the telephone number shown on your ID card. Customer Care representatives are available to take your call during regular business hours, Monday through Friday.

If you would rather send your complaint to us in writing, the Customer Care representative can provide you with the appropriate address.

If the Customer Care representative cannot resolve the issue to your satisfaction over the phone, he/she can help you prepare and submit a written complaint. We will notify you of our decision regarding your complaint within 60 days of receiving it.

**How to Appeal a Claim Decision**

**Post-service Claims**

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received.
Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require prior authorization or benefit confirmation prior to receiving medical care.

How to Request an Appeal

If you disagree with either a pre-service request for Benefits determination, post-service claim determination or a rescission of coverage determination, you can contact us in writing to formally request an appeal.

Your request for an appeal should include:

- The patient’s name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider’s name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the denial of a pre-service request for Benefits or the claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a healthcare professional with appropriate expertise in the field, who was not involved in the prior determination. We may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records and other information relevant to your claim for Benefits. In addition, if any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and sufficiently in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

For procedures associated with urgent requests for Benefits, see Urgent Appeals that Require Immediate Action below.

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as identified above, the appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied request for Benefits.
- For appeals of post-service claims as identified above, the appeal will be conducted and you will be notified of the decision within 60 days from receipt of a request for appeal of a denied claim.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure.
You may have the right to external review through an Independent Review Organization (IRO) upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in our decision letter to you.

Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
- If we need more information from your Physician to make a decision, we will notify you of the decision within 48 hours of receiving that information.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies or surgeries.

Exhaustion of Internal Appeal/Grievance Process

You must first exhaust the internal grievance process before requesting an external review, unless:

- You requested a standard internal review of an adverse determination but have not received a written decision from us within 30 business days of filing the request (unless you agreed to a delay).
- We waive the exhaustion of the internal grievance process requirement.
- You have a right to an expedited review prior to a final adverse determination because:
  - Your medical condition is such that your life, health, or ability to regain maximum function would be jeopardized under the timeframe for an expedited internal review, final adverse determination, or external review; or
  - The adverse determination is based on the service being determined experimental or investigational, and your provider certifies that the service would be significantly less effective if not promptly initiated.

Standard External Review

You may request an external review in writing within 4 months after receipt of a notice of adverse or final adverse determination. A completed request form and a copy of the written notice must be sent to the Commissioner by personal delivery or mail to: Iowa Insurance Division, Two Ruan Center, 601 Locust St., 4th Floor, Des Moines, Iowa 50309; by facsimile to 515-281-3059; or by email at iid.marketrelegation@iid.iowa.gov. There is no charge or fee for submitting a request for external review. The Commissioner may require us to provide additional time for you to request an external review or submit documentation if we fail to comply with any part of Iowa's external review law or rule chapters.

We will complete a preliminary review of the external review request within 5 business days of receipt to determine whether:

- You were a Covered Person at the time services were requested or provided;
The services are a Covered Health Service, but we had decided they did not meet our requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness;

- You have exhausted the required internal grievance process;
- In the case of Experimental or Investigational Services, there is no treatment that is more effective, medically appropriate, or beneficial for you, as certified by your Physician; and
- You have submitted all required information and forms.

Within 1 business day after completing the preliminary review, we will provide written notice to the Commissioner and you indicating whether the request is complete and eligible for external review. If incomplete, we will notify you of any missing information needed to complete the request. If ineligible, we will explain the reasons for ineligibility for external review and notify you that you may appeal our decision to the Commissioner. The Commissioner is authorized to reverse our initial determination and require that the request be referred for external review.

If eligible for external review, within 1 business day after receiving the written notice of eligibility from us or upon the Commissioner's determination of eligibility, the Commissioner must:

- Assign (on a random basis) a Commissioner-approved Independent Review Organization (IRO) and notify us of the IRO's name; and
- Notify you in writing of the request's eligibility and acceptance of external review and of the assigned IRO's name. The notice must also include a statement that you may, within 5 business days of the notice receipt, submit in writing to the assigned IRO any additional information to be considered by the IRO in the review. (The IRO is not required to, but may, accept and consider additional information submitted after 5 business days).

Within 5 business days after receiving the Commissioner's notice of the assigned IRO's name, we will send the IRO any documents and information considered in making the adverse or final adverse determination. If we fail to do so, the IRO may terminate the external review and reverse the adverse or final adverse determination in which case the IRO must notify us, you, and the Commissioner within 1 business day.

In addition to any documents and information provided by us and you, an IRO shall also consider (if available and considered appropriate) medical records, provider recommendations, contract terms, practice guidelines and clinical criteria, and the opinion of the IRO's clinical reviewer.

The IRO must provide written notice of its decision to us, you and the Commissioner within 45 business days after receiving the request for external review.

- The IRO notice must include a general description of the reason for the external review request, the date it was assigned, the time period during which the external review was conducted, the evidence or documentation considered (including evidence-based standards), the date of its decision, and the principal reason(s) for its decision.
- For Experimental or Investigational treatment reviews, the IRO notice must also include descriptions of the factors considered by the IRO in making its decision.

An IRO is not bound by any decisions or conclusions reached in our utilization review, internal grievance or appeals process.

**Expeditied External Review**

You or your authorized representative may request, orally or in writing, an expedited external review to the Commissioner:
• After receiving a notice of adverse determination from us if:
  ▪ Your medical condition is such that your life, health, or ability to regain maximum function would be jeopardized under the timeframe for an expedited internal review, final adverse determination, or standard external review; or
  ▪ The adverse determination is based on the service being determined experimental or investigational, and your provider certifies that the service would be significantly less effective if not promptly initiated.

• After receiving a notice of final adverse determination from us if:
  ▪ Your medical condition is such that your life, health, or ability to regain maximum function would be jeopardized under the timeframe for a standard external review;
  ▪ The final adverse determination concerns an admission, availability of care, continued stay, or healthcare service for which you received Emergency Health Services but have not been discharged from the facility; or
  ▪ The final adverse determination is based on the service being determined experimental or investigational, and your provider certifies that the service would be significantly less effective if not promptly initiated.

Immediately upon receipt of the request, we will determine whether the request meets the following reviewability requirements:

• You were a Covered Person at the time services were requested or provided;
• The services are a Covered Health Service, but we decided they did not meet the requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness; and
• In the case of Experimental or Investigational Services, there is no treatment that is more effective, medically appropriate, or beneficial for you, as certified by your Physician.
• You have exhausted the internal grievance process (unless not required to do so).
• You provided all required information and forms.

We will immediately notify you and the Commissioner of our eligibility determination.

If determined ineligible for expedited external review, we will also notify you that you may appeal our decision to the Commissioner.

The Commissioner is authorized to reverse our determination of ineligibility and require that the request be referred for external review.

If eligible for expedited external review, immediately upon receiving written notice of eligibility from us or upon the Commissioner's determination of eligibility, the Commissioner will:

• Assign (on a random basis) a Commissioner-approved Independent Review Organization (IRO) and notify us and you of the IRO's name; and
• Upon receipt of the Commissioner's notice of the IRO name, we will provide or transmit (electronically, by telephone, facsimile or any other available expeditious method) to the assigned IRO all necessary documents and information considered in making the adverse or final adverse determination.
• In addition to any documents and information provided by us and you, an IRO shall also consider (if available and considered appropriate) medical records, provider recommendations, contract terms, practice guidelines and clinical criteria, and the opinion of the IRO's clinical reviewer.
In reaching a decision, the *IRO* is not bound by any decisions or conclusions reached in our utilization review or internal grievance process.

The *IRO* must reach a decision and notify us, you and the Commissioner as expeditiously as possible, but in no event more than 72 hours after the date of receipt of the request for an expedited external review. If the initial notice is provided orally, then within 48 hours after the date of providing the initial notice, the assigned *IRO* will provide written confirmation of the decision to you, us and the Commissioner.

The *IRO* must include in the written notice the following information:

- A general description of the reason for the external review request, the date it was assigned by the Commissioner, the date the external review was conducted, the date of its decision, the principal reason/s for its decision, the rationale for its decision, and references to the evidence or documentation considered (including evidence-based standards).

- For Experimental or Investigational treatment reviews, descriptions of the factors considered by the *IRO* in making its decision.

**Independent Review Organization (IRO)**

All decisions by the *IRO* are deemed as binding on us, and on you except to the extent that you have other remedies available under applicable federal or state law.

We will approve coverage if the *IRO* reverses the final adverse decision.
Section 7: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Policy will be coordinated with those of any other plan that provides benefits to you. The language in this section is from model laws drafted by the National Association of Insurance Commissioners (NAIC) and represents standard industry practice for coordinating benefits.

When Coordination of Benefits Applies

This coordination of benefits (COB) provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense.

Definitions

For purposes of this section, terms are defined as follows:

A. A Plan is any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
   1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
   2. Plan does not include: hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

B. This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

C. The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after
those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

D. Allowable Expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.

2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.

3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.

4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.

5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions and preferred provider arrangements.

E. Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

F. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.
B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.

D. Each Plan determines its order of benefits using the first of the following rules that apply:

1. Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.

2. Dependent Child Covered Under More Than One Coverage Plan. Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:

   a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
      (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
      (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.

   b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
      (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
      (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
      (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.
(4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:

(a) The Plan covering the Custodial Parent.
(b) The Plan covering the Custodial Parent's spouse.
(c) The Plan covering the non-Custodial Parent.
(d) The Plan covering the non-Custodial Parent's spouse.

c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.

d) (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.

(ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.

3. Active Employee or Retired or Laid-off Employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.

4. COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.

5. Longer or Shorter Length of Coverage. The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.

6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim.
addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

C. This Coverage Plan reduces its benefits as described below for Covered Persons who are eligible for Medicare when Medicare would be the Primary Coverage Plan.

Medicare benefits are determined as if the full amount that would have been payable under Medicare was actually paid under Medicare, even if:

- The person is entitled but not enrolled in Medicare. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.
- The person is enrolled in a Medicare Advantage (Medicare Part C) plan and receives non-covered services because the person did not follow all rules of that plan. Medicare benefits are determined as if the services were covered under Medicare Parts A and B.
- The person receives services from a provider who has elected to opt-out of Medicare. Medicare benefits are determined as if the services were covered under Medicare Parts A and B and the provider had agreed to limit charges to the amount of charges allowed under Medicare rules.
- The services are provided in any facility that is not eligible for Medicare reimbursements, including a Veterans Administration facility, facility of the Uniformed Services, or other facility of the federal government. Medicare benefits are determined as if the services were provided by a facility that is eligible for reimbursement under Medicare.
- The person is enrolled under a plan with a Medicare Medical Savings Account. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

Important: If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under this Coverage Plan), you should enroll for and maintain coverage under both Medicare Part A and Part B. If you don’t enroll and maintain that coverage, and if we are secondary to Medicare, we will pay Benefits under this Coverage Plan as if you were covered under both Medicare Part A and Part B. As a result, your out-of-pocket costs will be higher.

If you have not enrolled in Medicare, Benefits will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider if either of the following applies:

- You are eligible for, but not enrolled in, Medicare and this Coverage Plan is secondary to Medicare.
- You have enrolled in Medicare but choose to obtain services from a doctor that opts-out of the Medicare program.

When calculating this Coverage Plan’s Benefits in these situations for administrative convenience, we may, as we determine, treat the provider’s billed charges, rather than the Medicare approved amount or Medicare limiting charge, as the Allowable Expense for both this Coverage Plan and Medicare.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from, or give
them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Payments Made

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

When Medicare is Secondary

If you have other health insurance which is determined to be primary to Medicare, then Benefits payable under This Plan will be based on Medicare’s reduced benefits. In no event will the combined benefits paid under these coverages exceed the total Medicare Eligible Expense for the service or item.
Section 8: General Legal Provisions

Your Relationship with Us

In order to make choices about your health care coverage and treatment, we believe that it is important for you to understand how we interact with your Enrolling Group's Benefit plan and how it may affect you. We help finance or administer the Enrolling Group's Benefit plan in which you are enrolled. We do not provide medical services or make treatment decisions. This means:

- We communicate to you decisions about whether the Enrolling Group's Benefit plan will cover or pay for the health care that you may receive. The plan pays for Covered Health Services, which are more fully described in this Certificate.

- The plan may not pay for all treatments you or your Physician may believe are necessary. If the plan does not pay, you will be responsible for the cost.

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our Notice of Privacy Practices for details.

Our Relationship with Providers and Enrolling Groups

The relationships between us and Network providers and Enrolling Groups are solely contractual relationships between independent contractors. Network providers and Enrolling Groups are not our agents or employees. Neither we nor any of our employees are agents or employees of Network providers or the Enrolling Groups.

We do not provide health care services or supplies, nor do we practice medicine. Instead, we arrange for health care providers to participate in a Network and we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not our employees nor do we have any other relationship with Network providers such as principal-agent or joint venture. We are not liable for any act or omission of any provider.

We are not considered to be an employer for any purpose with respect to the administration or provision of benefits under the Enrolling Group's Benefit plan. We are not responsible for fulfilling any duties or obligations of an employer with respect to the Enrolling Group's Benefit plan.

The Enrolling Group is solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).

- The timely payment of the Policy Charge to us.

- Notifying you of the termination of the Policy.

When the Enrolling Group purchases the Policy to provide coverage under a benefit plan governed by the Employee Retirement Income Security Act ("ERISA"), 29 U.S.C. §1001 et seq., we are not the plan administrator or named fiduciary of the benefit plan, as those terms are used in ERISA. If you have questions about your welfare benefit plan, you should contact the Enrolling Group. If you have any questions about this statement or about your rights under ERISA, contact the nearest area office of the Employee Benefits Security Administration, U. S. Department of Labor.
Your Relationship with Providers and Enrolling Groups
The relationship between you and any provider is that of provider and patient.

- You are responsible for choosing your own provider.
- You are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Copayments, Coinsurance, any deductable and any amount that exceeds Eligible Expenses.
- You are responsible for paying, directly to your provider, the cost of any non-Covered Health Service.
- You must decide if any provider treating you is right for you. This includes Network providers you choose and providers to whom you have been referred.
- You must decide with your provider what care you should receive.
- Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Enrolling Group is that of employer and employee, Dependent or other classification as defined in the Policy.

Notice
When we provide written notice regarding administration of the Policy to an authorized representative of the Enrolling Group, that notice is deemed notice to all affected Subscribers and their Enrolled Dependents. The Enrolling Group is responsible for giving notice to you.

Statements by Enrolling Group or Subscriber
All statements made by the Enrolling Group or by a Subscriber shall, in the absence of fraud, be deemed representations and not warranties. Except for fraudulent statements, we will not use any statement made by the Enrolling Group to void the Policy after it has been in force for a period of two years.

Incentives to Providers
We pay Network providers through various types of contractual arrangements, some of which may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from us for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

We use various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with us includes any financial incentives, we encourage you to discuss those questions with your provider. You may also contact us at the telephone number on your ID card. We can advise whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed.
Incentives to You
Sometimes we may offer coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is yours alone but we recommend that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. Contact us if you have any questions.

Rebates and Other Payments
We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable deductible. We do not pass these rebates on to you, nor are they applied to any deductible or taken into account in determining your Copayments or Coinsurance.

Interpretation of Benefits
We have the final authority to do all of the following:

- Interpret Benefits under the Policy.
- Interpret the other terms, conditions, limitations and exclusions set out in the Policy, including this Certificate, the Schedule of Benefits and any Riders and/or Amendments.
- Make factual determinations related to the Policy and its Benefits.

We may delegate this authority to other persons or entities that provide services in regard to the administration of the Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, we may, as we determine, offer Benefits for services that would otherwise not be Covered Health Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

Administrative Services
We may, as we determine, arrange for various persons or entities to provide administrative services in regard to the Policy, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time as we determine. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

Amendments to the Policy
To the extent permitted by law, we reserve the right, as we determine and without your approval, to change, interpret, modify, withdraw or add Benefits or terminate the Policy.

Any provision of the Policy which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which the Policy is delivered) is hereby amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Policy unless it is made by an Amendment or Rider which has been signed by one of our officers. All of the following conditions apply:

- Amendments to the Policy are effective 31 days after we send written notice to the Enrolling Group.
- Riders are effective on the date we specify.
No agent has the authority to change the Policy or to waive any of its provisions.

No one has authority to make any oral changes or amendments to the Policy.

**Information and Records**

We may use your individually identifiable health information to administer the Policy and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use your de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our *Notice of Privacy Practices.*

By accepting Benefits under the Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber’s enrollment form. We agree that such information and records will be considered confidential.

We have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Policy, for appropriate medical review or quality assessment, or as we are required to do by law or regulation. During and after the term of the Policy, we and our related entities may use and transfer the information gathered under the Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our *Notice of Privacy Practices.*

For complete listings of your medical records or billing statements we recommend that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. Our designees have the same rights to this information as we have.

**Examination of Covered Persons**

In the event of a question or dispute regarding your right to Benefits, we may require that a Network Physician of our choice examine you at our expense.

**Workers’ Compensation not Affected**

Benefits provided under the Policy do not substitute for and do not affect any requirements for coverage by workers’ compensation insurance.

**Medicare Eligibility**

Benefits under the Policy are not intended to supplement any coverage provided by Medicare. Nevertheless, in some circumstances Covered Persons who are eligible for or enrolled in Medicare may also be enrolled under the Policy.

If you are eligible for or enrolled in Medicare, please read the following information carefully.

If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under the Policy), you should enroll in and maintain coverage under both Medicare Part A and Part B. If you don't enroll and
maintain that coverage, and if we are the secondary payer as described in Section 7: Coordination of Benefits, we will pay Benefits under the Policy as if you were covered under both Medicare Part A and Part B. As a result, you will be responsible for the costs that Medicare would have paid and you will incur a larger out-of-pocket cost.

If you are enrolled in a Medicare Advantage (Medicare Part C) plan on a primary basis (Medicare pays before Benefits under the Policy), you should follow all rules of that plan that require you to seek services from that plan's participating providers. When we are the secondary payer, we will pay any Benefits available to you under the Policy as if you had followed all rules of the Medicare Advantage plan. You will be responsible for any additional costs or reduced Benefits that result from your failure to follow these rules, and you will incur a larger out-of-pocket cost.

Subrogation and Reimbursement

Subrogation is the substitution of one person or entity in the place of another with reference to a lawful claim, demand or right. Immediately upon paying or providing any Benefit, we shall be subrogated to and shall succeed to all rights of recovery, under any legal theory of any type for the reasonable value of any services and Benefits we provided to you, from any or all of the following listed below.

In addition to any subrogation rights and in consideration of the coverage provided by this Certificate, we shall also have an independent right to be reimbursed by you for the reasonable value of any services and Benefits we provide to you, from any or all of the following listed below.

- Third parties, including any person alleged to have caused you to suffer injuries or damages.
- Your employer.
- Any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers’ compensation coverage, other insurance carriers or third party administrators.
- Any person or entity who is liable for payment to you on any equitable or legal liability theory.

These third parties and persons or entities are collectively referred to as “Third Parties.”

You agree as follows:

- That you will cooperate with us in protecting our legal and equitable rights to subrogation and reimbursement, including:
  - Providing any relevant information requested by us.
  - Signing and/or delivering such documents as we or our agents reasonably request to secure the subrogation and reimbursement claim.
  - Responding to requests for information about any accident or injuries.
  - Making court appearances.
  - Obtaining our consent or our agents’ consent before releasing any party from liability or payment of medical expenses.
- That failure to cooperate in this manner shall be deemed a breach of contract, and may result in the termination of health benefits or the instigation of legal action against you.
- That we have the final authority to resolve all disputes regarding the interpretation of the language stated herein.
• That no court costs or attorneys’ fees may be deducted from our recovery without our express written consent; any so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall not defeat this right, and we are not required to participate in or pay court costs or attorneys’ fees to the attorney hired by you to pursue your damage/personal injury claim.

• That regardless of whether you have been fully compensated or made whole, we may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, with such proceeds available for collection to include any and all amounts earmarked as non-economic damage settlement or judgment.

• That benefits paid by us may also be considered to be benefits advanced.

• That you agree that if you receive any payment from any potentially responsible party as a result of an injury or illness, whether by settlement (either before or after any determination of liability), or judgment, you will serve as a constructive trustee over the funds, and failure to hold such funds in trust will be deemed as a breach of your duties hereunder.

• That you or an authorized agent, such as your attorney, must hold any funds due and owing us, as stated herein, separately and alone, and failure to hold funds as such will be deemed as a breach of contract, and may result in the termination of health benefits or the instigation of legal action against you.

• That we may set off from any future benefits otherwise provided by us the value of benefits paid or advanced under this section to the extent not recovered by us.

• That you will not accept any settlement that does not fully compensate or reimburse us without our written approval, nor will you do anything to prejudice our rights under this provision.

• That you will assign to us all rights of recovery against Third Parties, to the extent of the reasonable value of services and Benefits we provided, plus reasonable costs of collection.

• That our rights will be considered as the first priority claim against Third Parties, including tortfeasors from whom you are seeking recovery, to be paid before any other of your claims are paid.

• That we may, at our option, take necessary and appropriate action to preserve our rights under these subrogation provisions, including filing suit in your name, which does not obligate us in any way to pay you part of any recovery we might obtain.

• That we shall not be obligated in any way to pursue this right independently or on your behalf.

• That in the case of your wrongful death, the provisions of this section will apply to your estate, the personal representative of your estate and your heirs or beneficiaries.

• That the provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by a Third Party. If a parent or guardian may bring a claim for damages arising out of a minor’s Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.

**Refund of Overpayments**

If we pay Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to us if any of the following apply:

• All or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person.

• All or some of the payment we made exceeded the Benefits under the Policy.
All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under the Policy. If the refund is due from another person or organization, the Covered Person agrees to help us get the refund when requested.

If the refund is due from the Covered Person and the Covered Person does not promptly refund the full amount, we may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, future Benefits for the Covered Person that are payable under the Policy. If the refund is due from a person or organization other than the Covered Person, we may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part; (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Policy; or (ii) future Benefits that are payment in connection with services provided to persons under other plans for which we make payments, pursuant to a transaction in which our overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment.

The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future benefits.

**Limitation of Action**

You cannot bring any legal action against us to recover reimbursement until you have completed all the steps in the appeal process described in *Section 6: Questions, Complaints and Appeals*. After completing that process, if you want to bring a legal action against us you must do so within three years of the date we notified you of our final decision on your appeal or you lose any rights to bring such an action against us.

**Entire Policy**

The Policy issued to the Enrolling Group, including this *Certificate*, the *Schedule of Benefits*, the Enrolling Group's application and any Riders and/or Amendments, constitutes the entire Policy.

- It is primarily engaged in providing health services, on an inpatient basis, for the acute care and treatment of injured or sick individuals. Care is provided through medical, diagnostic and surgical facilities, by or under the supervision of a staff of Physicians.
- It has 24-hour nursing services.

A Hospital is not primarily a place for rest, Custodial Care or care of the aged and is not a nursing home, convalescent home or similar institution.

**Hospital-based Facility** - an outpatient facility that performs services and submits claims as part of a Hospital.

**Initial Enrollment Period** - the initial period of time during which Eligible Persons may enroll themselves and their Dependents under the Policy.

**Injury** - bodily damage other than Sickness, including all related conditions and recurrent symptoms.

**Inpatient Rehabilitation Facility** - a long term acute rehabilitation center, a Hospital (or a special unit of a Hospital designated as an Inpatient Rehabilitation Facility) that provides rehabilitation health services (including physical therapy, occupational therapy and/or speech therapy) on an inpatient basis, as authorized by law.

**Inpatient Stay** - an uninterrupted confinement that follows formal admission to a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility.

**Intensive Behavioral Therapy (IBT)** - outpatient behavioral/educational services that aim to reinforce adaptive behaviors, reduce maladaptive behaviors and improve the mastery of functional age appropriate skills in people with Autism Spectrum Disorders. Examples include Applied Behavioral Analysis (ABA), The Denver Model, and Relationship Development Intervention (RDI).

**Intensive Outpatient Treatment** - a structured outpatient mental health or substance-related and addictive disorders treatment program that may be freestanding or Hospital-based and provides services for at least three hours per day, two or more days per week.
**Intermittent Care** - skilled nursing care that is provided or needed either:

- Fewer than seven days each week.
- Fewer than eight hours each day for periods of 21 days or less.

Exceptions may be made in exceptional circumstances when the need for additional care is finite and predictable.

**Manipulative Treatment** - the therapeutic application of chiropractic and/or osteopathic manipulative treatment with or without ancillary physiologic treatment and/or rehabilitative methods rendered to restore/improve motion, reduce pain and improve function in the management of an identifiable neuromusculoskeletal condition.

**Medically Necessary** - health care services provided for the purpose of preventing, evaluating, diagnosing or treating a Sickness, Injury, Mental Illness, substance-related and addictive disorders, condition, disease or its symptoms, that are all of the following as decided by us or our designee.

- In accordance with *Generally Accepted Standards of Medical Practice*.
- Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for your Sickness, Injury, Mental Illness, substance-related and addictive disorders, disease or its symptoms.
- Not mainly for your convenience or that of your doctor or other health care provider.
- Not more costly than an alternative drug, service(s) or supply that is at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of your Sickness, Injury, disease or symptoms.

*Generally Accepted Standards of Medical Practice* are standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, relying primarily on controlled clinical trials, or, if not available, observational studies from more than one institution that suggest a causal relationship between the service or treatment and health outcomes.

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. We reserve the right to consult expert opinion in determining whether health care services are Medically Necessary. The decision to apply Physician specialty society recommendations, the choice of expert and the determination of when to use any such expert opinion, shall be determined by us.

We develop and maintain clinical policies that describe the *Generally Accepted Standards of Medical Practice* scientific evidence, prevailing medical standards and clinical guidelines supporting our determinations regarding specific services. These clinical policies (as developed by us and revised from time to time), are available to Covered Persons on www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card, and to Physicians and other health care professionals on UnitedHealthcareOnline.

**Medicare** - Parts A, B, C and D of the insurance program established by Title XVIII, *United States Social Security Act*, as amended by 42 U.S.C. Sections 1394, et seq. and as later amended.

**Mental Health Services** - Covered Health Services for the diagnosis and treatment of Mental Illnesses. The fact that a condition is listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment for the condition is a Covered Health Service.

**Mental Health/Substance Use Disorder Designee** - the organization or individual, designated by us, that provides or arranges Mental Health Services and Substance Use Disorder Services for which Benefits are available under the Policy. This does not include Biologically Based Mental Illness.
**Mental Illness** - those mental health or psychiatric diagnostic categories that are listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*, unless those services are specifically excluded under the Policy. This does not include Biologically Based Mental Illness.

**Network** - when used to describe a provider of health care services, this means a provider that has a participation agreement in effect (either directly or indirectly) with us or with our affiliate to participate in our Network; however, this does not include those providers who have agreed to discount their charges for Covered Health Services by way of their participation in the Shared Savings Program. Our affiliates are those entities affiliated with us through common ownership or control with us or with our ultimate corporate parent, including direct and indirect subsidiaries.

A provider may enter into an agreement to provide only certain Covered Health Services, but not all Covered Health Services, or to be a Network provider for only some of our products. In this case, the provider will be a Network provider for the Covered Health Services and products included in the participation agreement, and a non-Network provider for other Covered Health Services and products. The participation status of providers will change from time to time.

**Network Benefits** - for Benefit plans that have a Network Benefit level, this is the description of how Benefits are paid for Covered Health Services provided by Network providers. Refer to the *Schedule of Benefits* to determine whether or not your Benefit plan offers Network Benefits and for details about how Network Benefits apply.

**Non-Network Benefits** - for Benefit plans that have a Non-Network Benefit level, this is the description of how Benefits are paid for Covered Health Services provided by non-Network providers. Refer to the *Schedule of Benefits* to determine whether or not your Benefit plan offers Non-Network Benefits and for details about how Non-Network Benefits apply.

**Open Enrollment Period** - a period of time that follows the Initial Enrollment Period during which Eligible Persons may enroll themselves and Dependents under the Policy. The Enrolling Group determines the period of time that is the Open Enrollment Period.

**Out-of-Pocket Maximum** - for Benefit plans that have an Out-of-Pocket Maximum, this is the maximum amount you pay every year. Refer to the *Schedule of Benefits* to determine whether or not your Benefit plan is subject to an Out-of-Pocket Maximum and for details about how the Out-of-Pocket Maximum applies.

**Partial Hospitalization/Day Treatment** - a structured ambulatory program that may be a freestanding or Hospital-based program and that provides services for at least 20 hours per week.

**Pharmaceutical Product(s)** - *U.S. Food and Drug Administration (FDA)*-approved prescription pharmaceutical products administered in connection with a Covered Health Service by a Physician or other health care provider within the scope of the provider’s license, and not otherwise excluded under the Policy.

**Pharmaceutical Product List** - a list that categorizes into tiers medications, products or devices that have been approved by the *U.S. Food and Drug Administration (FDA)*. This list is subject to our periodic review and modification (generally quarterly, but no more than six times per calendar year). You may determine to which tier a particular Pharmaceutical Product has been assigned through the Internet at www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

**Physician** - any *Doctor of Medicine* or *Doctor of Osteopathy* who is properly licensed and qualified by law.

Please Note: Any podiatrist, dentist, psychologist, chiropractor, optometrist, licensed physician assistant, licensed advanced registered nurse, physical therapist, osteopathic physician, registered nurse or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. The fact that we describe a provider as a Physician does not mean that Benefits for services from that provider are available to you under the Policy.

**Policy** - the entire agreement issued to the Enrolling Group that includes all of the following:
• The Group Policy.
• This Certificate.
• The Schedule of Benefits.
• The Enrolling Group's application.
• Riders.
• Amendments.

These documents make up the entire agreement that is issued to the Enrolling Group.

**Policy Charge** - the sum of the Premiums for all Subscribers and Enrolled Dependents enrolled under the Policy.

**Pregnancy** - includes all of the following:
- Prenatal care.
- Postnatal care.
- Childbirth.
- Any complications associated with Pregnancy.

**Premium** - the periodic fee required for each Subscriber and each Enrolled Dependent, in accordance with the terms of the Policy.

**Prescription Drug List (PDL) Management Committee** - the committee that we designate for, among other responsibilities, classifying Pharmaceutical Products into specific tiers.

**Primary Physician** - a Physician who has a majority of his or her practice in general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine.

**Private Duty Nursing** - nursing services for Covered Persons who require more individual and continuous care than is available from a visiting nurse through a Home Health Agency. Rather than a nursing service that is 4 hours or less and periodic (and for which Benefits are provided under *Home Health Care* in the Certificate and Schedule of Benefits), the Private Duty Nursing services are provided where longer durations of skilled nursing care for complex medical conditions requiring immediate medical interventions are required and may include shift care or 24/7 continuous cares in certain settings.

**Residential Treatment** - treatment in a facility which provides Mental Health Services or Substance Use Disorder Services treatment. The facility meets all of the following requirements:
- It is established and operated in accordance with applicable state law for Residential Treatment programs.
- It provides a program of treatment under the active participation and direction of a Physician and approved by the Mental Health/Substance Use Disorder Designee.
- It has or maintains a written, specific and detailed treatment program requiring full-time residence and full-time participation by the patient.
- It provides at least the following basic services in a 24-hour per day, structured milieu:
  - Room and board.
  - Evaluation and diagnosis.
  - Counseling.
Referral and orientation to specialized community resources.

A Residential Treatment facility that qualifies as a Hospital is considered a Hospital.

**Rider** - any attached written description of additional Covered Health Services not described in this Certificate. Covered Health Services provided by a Rider may be subject to payment of additional Premiums. Note that Benefits for Outpatient Prescription Drugs and Gender Dysphoria Treatment, while presented in Rider format, are not subject to payment of additional Premiums and are included in the overall Premium for Benefits under the Policy. Riders are effective only when signed by us and are subject to all conditions, limitations and exclusions of the Policy except for those that are specifically amended in the Rider.

**Semi-private Room** - a room with two or more beds. When an Inpatient Stay in a Semi-private Room is a Covered Health Service, the difference in cost between a Semi-private Room and a private room is a Benefit only when a private room is necessary in terms of generally accepted medical practice, or when a Semi-private Room is not available.

**Shared Savings Program** - the Shared Savings Program provides access to discounts from the provider's charges when services are rendered by those non-Network providers that participate in that program. We will use the Shared Savings Program to pay claims when doing so will lower Eligible Expenses. We do not credential the Shared Savings Program providers and the Shared Savings Program providers are not Network providers. Accordingly, in Benefit plans that have both Network and Non-Network levels of Benefits, Benefits for Covered Health Services provided by Shared Savings Program providers will be paid at the Non-Network Benefit level (except in situations when Benefits for Covered Health Services provided by non-Network providers are payable at Network Benefit levels, as in the case of Emergency Health Services). When we use the Shared Savings Program to pay a claim, patient responsibility is limited to Coinsurance calculated on the contracted rate paid to the provider, in addition to any required deductible.

**Sickness** - physical illness, disease or Pregnancy. The term Sickness as used in this Certificate includes Mental Illness or substance-related and addictive disorders, regardless of the cause or origin of the Mental Illness or substance-related and addictive disorder.

**Skilled Nursing Facility** - a Hospital or nursing facility that is licensed and operated as required by law.

**Specialist Physician** - a Physician who has a majority of his or her practice in areas other than general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine.

**Subscriber** - an Eligible Person who is properly enrolled under the Policy. The Subscriber is the person (who is not a Dependent) on whose behalf the Policy is issued to the Enrolling Group.

**Substance Use Disorder Services** - Covered Health Services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*, unless those services are specifically excluded. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Health Service.

**Total Disability or Totally Disabled** - a Subscriber's inability to perform all of the substantial and material duties of his or her regular employment or occupation; and a Dependent's inability to perform the normal activities of a person of like age and sex.

**Transitional Living** - Mental health services and substance use disorder services that are provided through facilities, group homes and supervised apartments that provide 24-hour supervision that are either:

- Sober living arrangements such as drug-free housing or alcohol/drug halfway houses. These are transitional, supervised living arrangements that provide stable and safe housing, an alcohol/drug-free environment and support for recovery. A sober living arrangement may be utilized as an
adjunct to ambulatory treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

- Supervised living arrangements which are residences such as facilities, group homes and supervised apartments that provide members with stable and safe housing and the opportunity to learn how to manage their activities of daily living. Supervised living arrangements may be utilized as an adjunct to treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

**Unproven Service(s)** - services, including medications, that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)

- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

We have a process by which we compile and review clinical evidence with respect to certain health services. From time to time, we issue medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we may, as we determine, consider an otherwise Unproven Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition.

**Urgent Care Center** - a facility that provides Covered Health Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.
Outpatient Prescription Drug
UnitedHealthcare Insurance Company
Schedule of Benefits

Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products at either a Network Pharmacy or a non-Network Pharmacy and are subject to Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is listed.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Service or is prescribed to prevent conception.

Benefits for Oral Chemotherapeutic Agents

Oral chemotherapeutic agent Prescription Drug Products will be provided at a level no less favorable than chemotherapeutic agents are provided under Pharmaceutical Products - Outpatient in your Certificate of Coverage, regardless of tier placement.

If a Brand-name Drug Becomes Available as a Generic

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change, and therefore your Copayment and/or Coinsurance may change. You will pay the Copayment and/or Coinsurance applicable for the tier to which the Prescription Drug Product is assigned.

Supply Limits

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Copayment and/or Coinsurance, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that we have developed, subject to our periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month’s supply, or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a supply limit for dispensing through the Internet at www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

Prior Authorization Requirements

Before certain Prescription Drug Products are dispensed to you, either your Physician, your pharmacist or you are required to obtain prior authorization from us or our designee. The reason for obtaining prior authorization from us is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Service.
• It is not an Experimental or Investigational or Unproven Service.

We may also require you to obtain prior authorization from us or our designee so we can determine whether the Prescription Drug Product, in accordance with our approved guidelines, was prescribed by a Specialist Physician.

**Network Pharmacy Prior Authorization**

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for obtaining prior authorization from us.

**Non-Network Pharmacy Prior Authorization**

When Prescription Drug Products are dispensed at a non-Network Pharmacy, you or your Physician are responsible for obtaining prior authorization from us as required.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject to our periodic review and modification. There may be certain Prescription Drug Products that require you to notify us directly rather than your Physician or pharmacist. You may determine whether a particular Prescription Drug Product requires notification/prior authorization through the Internet at www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you can ask us to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. Our contracted pharmacy reimbursement rates (our Prescription Drug Charge) will not be available to you at a non-Network Pharmacy. You may seek reimbursement from us as described in the Certificate of Coverage (Certificate) in Section 5: How to File a Claim.

When you submit a claim on this basis, you may pay more because you did not obtain prior authorization from us before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy) or the Predominant Reimbursement Rate (for Prescription Drug Products from a non-Network Pharmacy), less the required Copayment and/or Coinsurance, and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after we review the documentation provided and we determine that the Prescription Drug Product is not a Covered Health Service or it is an Experimental or Investigational or Unproven Service.

We may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits associated with such programs. You may access information on available programs and any applicable prior authorization, participation or activation requirements associated with such programs through the Internet at www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

**Step Therapy**

Certain Prescription Drug Products for which Benefits are described under this Prescription Drug Rider or Pharmaceutical Products for which Benefits are described in your Certificate are subject to step therapy requirements. This means that in order to receive Benefits for such Prescription Drug Products and/or Pharmaceutical Products you are required to use a different Prescription Drug Product(s) or Pharmaceutical Product(s) first.

You may determine whether a particular Prescription Drug Product or Pharmaceutical Product is subject to step therapy requirements through the Internet at www.myuhc.com or by calling Customer Care at the telephone number on your ID card.
What You Must Pay

You are responsible for paying the applicable Copayment and/or Coinsurance described in the Benefit Information table.

The amount you pay for any of the following under this Rider will not be included in calculating any Out-of-Pocket Maximum stated in your Certificate:

- Certain coupons or offers from pharmaceutical manufacturers. You may access information on which coupons or offers are not permitted through the Internet at www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

- The difference between the Predominant Reimbursement Rate and a non-Network Pharmacy's Usual and Customary Charge for a Prescription Drug Product.

- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product and our contracted rates (our Prescription Drug Charge) will not be available to you.

You may be required to fill an initial Prescription Drug Product order and obtain 2 refills through a retail pharmacy prior to using a mail order Network Pharmacy.

To maximize your Benefit, ask your Physician to write your Prescription Order or Refill for a 90-day supply, with refills when appropriate. You will be charged a mail order Copayment and/or Coinsurance for any Prescription Orders or Refills sent to the mail order pharmacy regardless of the number-of-days' supply written on the Prescription Order or Refill. Be sure your Physician writes your Prescription Order or Refill for a 90-day supply, not a 30-day supply with three refills.

Introduction

Coverage Policies and Guidelines

Our Prescription Drug List (PDL) Management Committee is authorized to make tier placement changes on our behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or prior authorization requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product’s acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for specific indications as compared to others; therefore, a Prescription Drug Product may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed, or according to whether it was prescribed by a Specialist Physician.

We may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

NOTE: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please access www.myuhc.com through the Internet or call Customer Care at the telephone number on your ID card for the most up-to-date tier status.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you will be required to pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from us as described in the Certificate in Section 5: How to File a Claim. When you submit a claim on this basis, you may pay more because you failed to verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance and any deductible that applies.

Submit your claim to the Pharmacy Benefit Manager claims address noted on your ID card.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products.
If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you will be subject to the non-Network Benefit for that Prescription Drug Product.

*Smart Fill Program - Split Fill*

Certain Specialty Prescription Drug Products may be dispensed by the Designated Pharmacy in 15-day supplies up to 90 days and at a pro-rated Copayment or Coinsurance. The Covered Person will receive a 15-day supply of their Specialty Prescription Drug Product to determine if they will tolerate the Specialty Prescription Drug Product prior to purchasing a full supply. The Designated Pharmacy will contact the Covered Person each time prior to dispensing the 15-day supply to confirm if the Covered Person is tolerating the Specialty Prescription Drug Product. You may find a list of Specialty Prescription Drug Products included in the *Smart Fill Program* through the internet at www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

*Smart Fill Program - 90 Day Supply*

Certain Specialty Prescription Drug Products may be dispensed by the Designated Pharmacy in 90-day supplies. The Copayment and/or Coinsurance will reflect the number of days dispensed. The *Smart Fill Program* which offers a 90 day supply of certain Specialty Prescription Drug Products is for a Covered Person who is stabilized on a Specialty Prescription Drug Product included in the *Smart Fill Program*. You may find a list of Specialty Prescription Drug Products included in the *Smart Fill Program* through the internet www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

**Limitation on Selection of Pharmacies**

If we determine that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, we may require you to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the designated single Network Pharmacy. If you don't make a selection within 31 days of the date we notify you, we will select a single Network Pharmacy for you.

**Rebates and Other Payments**

We may receive rebates for certain drugs included on the Prescription Drug List. We do not pass these rebates on to you, nor are they taken into account in determining your Copayments and/or Coinsurance.

We, and a number of our affiliated entities, conduct business with various pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug Rider*. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug Rider*. We are not required to pass on to you, and do not pass on to you, such amounts.

**Coupons, Incentives and Other Communications**

At various times, we may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, at your discretion, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.
Special Programs
We may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens, and/or participation in health management programs. You may access information on these programs through the Internet at www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

Maintenance Medication Program
If you require certain Maintenance Medications, we may direct you to the Mail Order Network Pharmacy to obtain those Maintenance Medications. If you choose not to obtain your Maintenance Medications from the Mail Order Network Pharmacy, you may opt-out of the Maintenance Medication Program through the Internet at www.myuhc.com or by calling Customer Care at the telephone number on your ID card. If you choose to opt out of Mail Order Network Pharmacy but do not inform us, you will be subject to the non-Network Benefit for that Prescription Drug Product after the allowed number of fills at Retail Network Pharmacy.

Prescription Drug Products Prescribed by a Specialist Physician
You may receive an enhanced or reduced Benefit, or no Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist Physician. You may access information on which Prescription Drug Products are subject to Benefit enhancement, reduction or no Benefit through the Internet at www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

Important Notices under the Patient Protection and Affordable Care Act (PPACA)

Changes in Federal Law that Impact Benefits

There are changes in Federal law which may impact coverage and Benefits stated in the Certificate of Coverage (Certificate) and Schedule of Benefits. A summary of those changes and the dates the changes are effective appear below. These changes will apply to any “non-grandfathered” plan. Contact your Plan Administrator to determine whether or not your plan is a “grandfathered” or a “non-grandfathered plan”.

Under the Patient Protection and Affordable Care Act (PPACA) a plan generally is “grandfathered” if it was in effect on March 23, 2010 and there are no substantial changes in the benefit design as described in the Interim Final Rule on Grandfathered Health Plans at that time.

Patient Protection and Affordable Care Act (PPACA)

Effective for policies that are new or renewing on or after September 23, 2010, the requirements listed below apply.

- Lifetime limits on the dollar amount of essential benefits available to you under the terms of your plan are no longer permitted. Essential benefits include the following:
  
  Ambulatory patient services; emergency services, hospitalization; laboratory services; maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment); prescription drugs; rehabilitative and habilitative services and devices; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.

- On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day enrollment period for those individuals who are still eligible under the plan's eligibility terms but whose coverage ended by reason of reaching a lifetime limit on the dollar value of all benefits.

- Essential benefits for plan years beginning prior to January 1, 2014 can only be subject to restricted annual limits. Restricted annual limits for each person covered under the plan may be no less than the following:
  
  - For plan or policy years beginning on or after September 23, 2010 but before September 23, 2011, $750,000.
  - For plan or policy years beginning on or after September 23, 2011 but before September 23, 2012, $1,250,000.
  - For plan or policy years beginning on or after September 23, 2012 but before January 1, 2014, $2,000,000.

  Please note that for plan years beginning on or after January 1, 2014, essential health benefits cannot be subject to annual or lifetime dollar limits.

- Coverage for enrolled dependent children is no longer conditioned upon full-time student status or other dependency requirements and will remain in place until the child's 26th birthday. If you have a grandfathered plan, the enrolling group is not required to extend coverage to age 26 if the child is eligible to enroll in an eligible employer-sponsored health plan (as defined by law).

  On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day dependent child special open enrollment period for dependent children who are not currently enrolled under the policy and who have not yet reached age 26.
During this dependent child special open enrollment period, subscribers who are adding a dependent child and who have a choice of coverage options will be allowed to change options.

- If your plan includes coverage for enrolled dependent children beyond the age of 26, which is conditioned upon full-time student status, the following applies:

  Coverage for enrolled dependent children who are required to maintain full-time student status in order to continue eligibility under the policy is subject to the statute known as Michelle’s Law. This law amends ERISA, the Public Health Service Act, and the Internal Revenue Code and requires group health plans, which provide coverage for dependent children who are post-secondary school students, to continue such coverage if the student loses the required student status because he or she must take a medically necessary leave of absence from studies due to a serious illness or injury.

- If you do not have a grandfathered plan, in-network benefits for preventive care services described below will be paid at 100%, and not subject to any deductible, coinsurance or copayment. If you have pharmacy benefit coverage, your plan may also be required to cover preventive care medications that are obtained at a network pharmacy at 100%, and not subject to any deductible, coinsurance or copayment, as required by applicable law under any of the following:
  - Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force.
  - Immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention.
  - With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration.
  - With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

- Retroactive rescission of coverage under the policy is permitted, with 30 days advance written notice, only in the following two circumstances:
  - The individual performs an act, practice or omission that constitutes fraud.
  - The individual makes an intentional misrepresentation of a material fact.

- Other changes provided for under the PPACA do not impact your plan because your plan already contains these benefits. These include:
  - Direct access to OB/GYN care without a referral or authorization requirement.
  - The ability to designate a pediatrician as a primary care physician (PCP) if your plan requires a PCP designation.
  - Prior authorization is not required before you receive services in the emergency department of a hospital.

If you seek emergency care from out-of-network providers in the emergency department of a hospital your cost sharing obligations (copayments/coinsurance) will be the same as would be applied to care received from in-network providers.
Effective for policies that are new or renewing on or after January 1, 2014, the requirements listed below apply:

If your plan includes coverage for Clinical Trials, the following applies:

The clinical trial benefit has been modified to distinguish between clinical trials for cancer and other life threatening conditions and those for non-life threatening conditions. For trials for cancer/other life threatening conditions, routine patient costs now include those for covered individuals participating in a preventive clinical trial and Phase IV trials. This modification is optional for certain grandfathered health plans. Refer to your plan documents to determine if this modification has been made to your plan.

Pre-Existing Conditions:
Any pre-existing condition exclusions (including denial of benefit or coverage) will not apply to covered persons regardless of age.

Some Important Information about Appeal and External Review Rights under PPACA

If you are enrolled in a non-grandfathered plan with an effective date or plan year anniversary on or after September 23, 2010, the Patient Protection and Affordable Care Act of 2010 (PPACA), as amended, sets forth new and additional internal appeal and external review rights beyond those that some plans may have previously offered. Also, certain grandfathered plans are complying with the additional internal appeal and external review rights provisions on a voluntary basis. Please refer to your benefit plan documents, including amendments and notices, or speak with your employer or UnitedHealthcare for more information on the appeal rights available to you. (Also, please refer to the Claims and Appeal Notice section of this document.)

What if I receive a denial, and need help understanding it? Please call UnitedHealthcare at the number listed on your health plan ID card.

What if I don’t agree with the denial? You have a right to appeal any decision to not pay for an item or service.

How do I file an appeal? The initial denial letter or Explanation of Benefits that you receive from UnitedHealthcare will give you the information and the timeframe to file an appeal.

What if my situation is urgent? If your situation is urgent, your review will be conducted as quickly as possible. If you believe your situation is urgent, you may request an expedited review, and, if applicable, file an external review at the same time. For help call UnitedHealthcare at the number listed on your health plan ID card.

Generally, an urgent situation is when your health may be in serious jeopardy. Or when, in the opinion of your doctor, you may be experiencing severe pain that cannot be adequately controlled while you wait for a decision on your appeal.

Who may file an appeal? Any member or someone that member names to act as an authorized representative may file an appeal. For help call UnitedHealthcare at the number listed on your health plan ID card.

Can I provide additional information about my claim? Yes, you may give us additional information supporting your claim. Send the information to the address provided in the initial denial letter or Explanation of Benefits.

Can I request copies of information relating to my claim? Yes. There is no cost to you for these copies. Send your request to the address provided in the initial denial letter or Explanation of Benefits.
What happens if I don’t agree with the outcome of my appeal? If you appeal, we will review our decision. We will also send you our written decision within the time allowed. If you do not agree with the decision, you may be able to request an external review of your claim by an independent third party. If so, they will review the denial and issue a final decision.

If I need additional help, what should I do? For questions on your appeal rights, you may call UnitedHealthcare at the number listed on your health plan ID card for assistance. You may also contact the support groups listed below.

Are verbal translation services available to me during an appeal? Yes. Contact UnitedHealthcare at the number listed on your health plan ID card. Ask for verbal translation services for your questions.

Is there other help available to me? For questions about appeal rights, an unfavorable benefit decision, or for help, you may also contact the Employee Benefits Security Administration at 1-866-444-EBSA (3272). Your state consumer assistance program may also be able to help you. (http://www.dol.gov.ebsa/healthreform/ - click link for Consumer Assistance Programs).

If your plan includes coverage for Mental Health or Substance Use, the following applies:

Mental Health/Substance Use Disorder Parity

Effective for non-grandfathered small group Policies that are new or renewing on or after January 1, 2014, Benefits are subject to final regulations supporting the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA). Benefits for mental health conditions and substance use disorder conditions that are Covered Health Services under the Policy must be treated in the same manner and provided at the same level as Covered Health Services for the treatment of other Sickness or Injury. Benefits for Mental Health Services and Substance Use Disorder Services are not subject to any annual maximum benefit limit (including any day, visit or dollar limit).

MHPAEA requires that the financial requirements for coinsurance and copayments for mental health and substance use disorder conditions must be no more restrictive than those coinsurance and copayment requirements for substantially all medical/surgical benefits. MHPAEA requires specific testing to be applied to classifications of benefits to determine the impact of these financial requirements on mental health and substance use disorder benefits. Based upon the results of that testing, it is possible that coinsurance or copayments that apply to mental health conditions and substance use disorder conditions in your benefit plan may be reduced.

Effective for grandfathered small group Policies that are new or renewing on or after July 1, 2010, Benefits for mental health conditions and substance use conditions that are Covered Health Services under the Policy will be revised to align prior authorization requirements and excluded services listed in your Certificate with Benefits for other medical conditions.

Effective for grandfathered and non-grandfathered large group Policies that are new or renewing on or after July 1, 2010, Benefits are subject to final regulations supporting the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA). Benefits for mental health conditions and substance use disorder conditions that are Covered Health Services under the Policy must be treated in the same manner and provided at the same level as Covered Health Services for the treatment of other Sickness or Injury. Benefits for Mental Health Services and Substance Use Disorder Services are not subject to any annual maximum benefit limit (including any day, visit or dollar limit).

MHPAEA requires that the financial requirements for coinsurance and copayments for mental health and substance use disorder conditions must be no more restrictive than those coinsurance and copayment requirements for substantially all medical/surgical benefits. health and substance use disorder benefits. Based upon the results of that testing, it is possible that
coinsurance or copayments that apply to mental health conditions and substance use disorder conditions
in your benefit plan may be reduced.
Women's Health and Cancer Rights Act of 1998

As required by the *Women's Health and Cancer Rights Act of 1998*, Benefits under the Policy are provided for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments, Coinsurance and any deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g. your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your issuer.
Claims and Appeal Notice

This Notice is provided to you in order to describe our responsibilities under Federal law for making benefit determinations and your right to appeal adverse benefit determinations. To the extent that state law provides you with more generous timelines or opportunities for appeal, those rights also apply to you. Please refer to your benefit documents for information about your rights under state law.

Benefit Determinations

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received. If your post-service claim is denied, you will receive a written notice from us within 30 days of receipt of the claim, as long as all needed information was provided with the claim. We will notify you within this 30 day period if additional information is needed to process the claim, and may request a one time extension not longer than 15 days and pend your claim until all information is received.

Once notified of the extension, you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, and the claim is denied, we will notify you of the denial within 15 days after the information is received. If you don’t provide the needed information within the 45-day period, your claim will be denied.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

If you have prescription drug Benefits and are asked to pay the full cost of a prescription when you fill it at a retail or mail-order pharmacy, and if you believe that it should have been paid under the Policy, you may submit a claim for reimbursement in accordance with the applicable claim filing procedures. If you pay a Copayment and believe that the amount of the Copayment was incorrect, you also may submit a claim for reimbursement in accordance with the applicable claim filing procedures. When you have filed a claim, your claim will be treated under the same procedures for post-service group health plan claims as described in this section.

Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require notification or approval prior to receiving medical care. If you have a pre-service request for Benefits, and it was submitted properly with all needed information, we will send you written notice of the decision from us within 15 days of receipt of the request. If you filed a pre-service request for Benefits improperly, we will notify you of the improper filing and how to correct it within five days after the pre-service request for Benefits was received. If additional information is needed to process the pre-service request, we will notify you of the information needed within 15 days after it was received, and may request a one time extension not longer than 15 days and pend your request until all information is received. Once notified of the extension you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, we will notify you of the determination within 15 days after the information is received. If you don’t provide the needed information within the 45-day period, your request for Benefits will be denied. A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the appeal procedures.

If you have prescription drug Benefits and a retail or mail order pharmacy fails to fill a prescription that you have presented, you may file a pre-service health request for Benefits in accordance with the applicable claim filing procedure. When you have filed a request for Benefits, your request will be treated under the same procedures for pre-service group health plan requests for Benefits as described in this section.
**Urgent Requests for Benefits that Require Immediate Attention**

Urgent requests for Benefits are those that require notification or a benefit determination prior to receiving medical care, where a delay in treatment could seriously jeopardize your life or health, or the ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, could cause severe pain. In these situations, you will receive notice of the benefit determination in writing or electronically within 72 hours after we receive all necessary information, taking into account the seriousness of your condition.

If you filed an urgent request for Benefits improperly, we will notify you of the improper filing and how to correct it within 24 hours after the urgent request was received. If additional information is needed to process the request, we will notify you of the information needed within 24 hours after the request was received. You then have 48 hours to provide the requested information.

You will be notified of a benefit determination no later than 48 hours after:

- Our receipt of the requested information; or
- The end of the 48-hour period within which you were to provide the additional information, if the information is not received within that time.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

**Concurrent Care Claims**

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. We will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

**Questions or Concerns about Benefit Determinations**

If you have a question or concern about a benefit determination, you may informally contact our Customer Care department before requesting a formal appeal. If the Customer Care representative cannot resolve the issue to your satisfaction over the phone, you may submit your question in writing. However, if you are not satisfied with a benefit determination as described above, you may appeal it as described below, without first informally contacting a Customer Care representative. If you first informally contact our Customer Care department and later wish to request a formal appeal in writing, you should again contact Customer Care and request an appeal. If you request a formal appeal, a Customer Care representative will provide you with the appropriate address.

If you are appealing an urgent claim denial, please refer to Urgent Appeals that Require Immediate Action below and contact our Customer Care department immediately.

**How to Appeal a Claim Decision**

If you disagree with a pre-service request for Benefits determination or post-service claim determination or a rescission of coverage determination after following the above steps, you can contact us in writing to formally request an appeal.
Your request should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the claim denial.

**Appeal Process**

A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with appropriate expertise in the field, who was not involved in the prior determination. We may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information through the submission of your appeal. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records, and other information relevant to your claim for Benefits. In addition, if any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and sufficiently in advance of the due date of the response to the adverse benefit determination.

**Appeals Determinations**

**Pre-service Requests for Benefits and Post-service Claim Appeals**

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as identified above, the first level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. The second level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.

- For appeals of post-service claims as identified above, the first level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. The second level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

For procedures associated with urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. Your second level appeal request must be submitted to us within 60 days from receipt of the first level appeal decision.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure. The decision to obtain the proposed treatment or procedure regardless of our decision is between you and your Physician.
Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
