FROM THE PRINCIPAL:

Our goal at Hunt A+ Elementary is to raise FAST CBM-R scores from fall to spring by 10%. What does this mean? This means we are focusing on fluency.

What is Fluency?

Fluency is defined as the ability to read with speed, accuracy, and proper expression. Young readers should be able to read with automaticity, a smooth, natural tone rather than a choppy, word-by-word uncertainty. The ease of fluent reading increases your child's ability to understand a text, in turn, promoting a heightened enjoyment of reading.

How can you help?

Use a timer and book at home to help your child practice reading with speed, accuracy, and proper expression. Focus on those three key elements of reading to ensure reading improvements and success.
