

At the heart of every responsibly led business is someone that can crunch numbers to highlight efficiency and good business practice. Are you that someone?

Pathway Description:

This pathway teaches the recording and analyzing of financial records of a sole proprietorship and a corporation. Students in the pathway complete the steps of the accounting cycle for a sole-proprietorship and a corporation. Special emphasis is put on analyzing business information by interpreting financial statements and other financial records.

Key Competencies:

- Understand and apply the formal accounting procedures for recording and posting transactions for a sole proprietorship or a corporation.
- List and define each part of the accounting equation.
- Explain how accounts are used and affected in business transactions.
- Demonstrate accuracy in balancing the accounting equation.
- Apply the rules of debit and credit to asset, liability, owner’s equity, revenue, expense, and withdrawal accounts.
- Demonstrate accuracy in analyzing and journalizing business transactions.
- Demonstrate accuracy in completing a trial balance.
- Calculate net income and net loss.
- Create an Income Statement, Statement of Changes in Owner’s Equity, and Balance Sheet.
- Journalize and post-adjusting and closing entries.
- Create a post-closing trial balance.
- Demonstrate the accurate way to reconcile a bank statement.
